Support and clarification UK Family Spouse Visa (Jonalyn Grabillios Dolendo)

The Case Officer UKVI (family spouse visa (FLR (M))

Dear Sir/Madam,

Since my arrival in the UK on 19<sup>th</sup> Sept 2023 I have married my partner Robert Baptie on 13<sup>th</sup> February 2024. We spend our time together or with his close family comprising mother, sister and niece. We have a very loving relationship. I am able to keep in touch with my family in the Philippines through mobile whatsapp communication. I am very happy with my situation in being with Robert. Now as my full married partner I assist him in his daily needs pertaining to the physical disabilities he has.

On the UKVI online immigration application I should like to give a comment about the small difference between the rent paid (in excess of that shown on the bank statements) and the amount calculated from the official HBBC document attached in document upload. This is an artefact of transferring from one benefit system to UC credit where the benefits were paid in advance and arrears respectively. This situation is being rectified over time.

I would like to list the items of documentation that I have uploaded to the UKVCAS servers:

On the UKVI online visa application form it should be noted that the calculation of Universal credit on a monthly basis includes housing benefit as this is how it is presented in Robert George Baptie's online Universal credit account. The Housing benefit is also filled in separately in another section of the form referring only to housing benefit. This is stated in order to avoid any confusion that might exist.
