Your NHS number

Everyone registered with the NHS in England, Wales and the Isle of Man has a unique patient identifier called NHS Number.

Your NHS Number helps healthcare staff and service providers identify you correctly and match your details to your health records. This will ensure you receive safe and efficient care within the NHS.

For more information about the NHS Number, visit NHS Choices at www.nhs.uk/NHSEngland.

Use of NHS Services

Having an NHS Number does not mean you are automatically entitled to the free use of all NHS services.

For further information, visit NHS Choices at www.nhs.uk/NHSEngland.

If you cannot find your NHS number

You should be able to find your NHS Number on any letter or document you have from the NHS, including prescriptions, test results, and hospital referral or appointment letters.

If you cannot find your NHS Number, you can ask your GP Practice to help you. They should be able to provide the number as long as you are registered with them. For your privacy, you may be asked to show a passport, driving licence or some other proof of identity.
