

## My decision

I looked at the information you provided on your AR1 How your disability affects you form. I decided to award you PIP for a longer time as your circumstances have changed. Your rate of PIP has changed. The information provided is enough to decide how much help you need on the majority of days without a consultation. This shows you still need help with Daily Living and Mobility activities.

For more information about PIP go to [www.gov.uk/pip](http://www.gov.uk/pip)

Yours sincerely

Kevin Marshall
