## Your new member debit card

Dear MISS JG DOLEND,

This is your new FlexAccount debit card, ending in 3102.

You'll need to check all the details are correct and sign the back.

You can use it straight away to pay for things online. But you'll need your PIN (Personal Identification Number), which we're sending separately, for everything else like paying for things in shops or using a cash machine. The daily limit for withdrawals at a cash machine is £500.

You also need your PIN to activate your contactless payment feature. This will happen automatically once you've made your first PIN payment. The limit for each contactless card payment is up to £100.

If you find it difficult to use a PIN, no problem. We can send you a Chip and Signature card instead. Just ask in your local branch or call us on 03457 30 20 11.

### In case you're wondering why we called it a membership card...

...it's because banking with Nationwide, along with saving and having a mortgage with us, makes you a member. You're one of more than 15 million members and your needs are at the heart of everything we do. We hope you enjoy the difference that comes from banking with a building society.

Thank you for being a member.

**Your Nationwide Current Account Team**

**Just so  
you know**

**Pick a number**  
You can change your  
PIN to something  
more memorable at  
our ATMs

**Keeping you safe**  
We're on the alert for  
fraudsters 24 hours a  
day, 365 days a year

### Your new card has some extra features

#### Six raised dots

These are to help you feel or see that it's your debit card. Our other types of cards have different numbers of dots, so it's easy to tell the difference.

#### A notch

This makes it easier to know which end of the card is which. Hold the end with the notch and put the other end in a cash machine or card reader.
